

Session Placement Form

Kingsbury Club Medfield Junior Tennis Academy

The program's overall goal is to instill confidence and discipline at all levels. It is our goal to help the player get the most out of themselves to maximize their tennis experience. Our program utilizes a specific system that trains players to learn the basics of the game first so that each has the necessary skills to continue advancing. While the player's game is maturing there are certain learning themes that need to be met and evaluated by our Head of Junior Development to advance to the next level.

As our players develop most will seek individual attention. Our coaches are looking to maximize their time on court with the player, creating a plan and working hard to make sure their student is implementing this plan on and off the court! We are looking to pull much more out of the player than they believe could ever exist by building confidence and discipline —the sky's the limit! Good Luck!

Please note: All programs except for Introduction Phase and Youth Tennis require Junior Tennis Membership.

High Performance Groups:

Placement in this group requires an on court assessment by the Head of Junior Development.
