FALL 2020 TRAINING ACCOMMODATIONS

We have made the following accommodations to our programs in order to carefully and safely return to the pool.

- Instructors will maintain the six foot social distance with minimal contact with swimmer/s (as allowed by state guidelines). Parents can request NO contact with swimmer if that is their preference.
- Outside through 10/4 entry to the pool and check in will be through the fence from the parking lot (near the Icehouse Restaurant). Once the bubble is up, all lessons will enter through the Club's main entrance.
- Inside starting 10/11 anyone age 2 or older must wear a mask from the time they leave their car until each participant is in the pool and the parent / driver is seated in one of our seating areas which are spaced six feet apart. Once the session is complete, the participant and parent / adult must again wear the mask to exit the facility.
- Once the bubble is up, all participants and parents must wear a mask at all times, except for when in the pool during your session.
- Only one parent (or driver/adult) may attend and remain on deck. Siblings and other audience members will not be allowed on deck at this time.
- Sessions have been scheduled so that each has their own appropriate area of the pool away from others.
- Instructors will be wearing face shields (like a dental assistant) in order to be heard and understood
- ALL non-swimmers will be accompanied in the pool by a parent (or 18+ adult). Instructor will provide instruction for the swimmer and for the parent assistant to guide them through the activities.
- Independent swimmers may be coached from the deck or from a minimum distance of 6 feet away.
- Please have your participant/s dressed in their bathing suit when they arrive at the pool. The hallway changing rooms and hallway bathroom are available for use in case of an emergency, but we are working to minimize any unnecessary contact or indoor traffic. Locker rooms and showers are NOT available.
- There will be fifteen minutes between the scheduled sessions. Please do not line up to check in until 5 minutes prior to your scheduled slot, and please exit the deck within 5 minutes from when the scheduled session concludes.
- Goggles are not required, but if your child has a pair we would ask you to bring them each week. There will not be any goggles available to borrow. No toys, kickboards or outside equipment will be allowed at this time
- Instructors will clean and sanitize any equipment and any surfaces which were touched and then wash their hands in preparation for the next scheduled session
- All scheduled sessions begin and end at the same time in order to maintain a one-way entry and exit to the pool through the fence. Any late arrival will be charged at the full session rate.
- Our Kingsbury Club private training session cancellation policy remains in effect: If you cancel a Private or Semi-private Training session within 24 hours of the scheduled time you will be charged the full price. If you cancel one of your children from a Semi-private training session PRIOR to 24 hours in advance of the lesson, the instructor will adjust the booking to the Private Session rate. If you cancel within 24 hours due to illness, a Doctor's note is required to remove the lesson charge.

There will be a waiting list for families who are looking for specific days and / or times which may already be booked. If / when any new slots open up and become available, those on the waiting list will be contacted immediately.

If you or your child is sick, has a fever of 100.0 degrees Fahrenheit or above, unusual coughing, shortness of breath, headaches, chills, shaking chills, sore throat, muscle aches or pains, new loss of taste or smell, or has felt feverish, do not come in for your lesson and contact Karen Kandola as soon as possible.
