## **BEYOND BARRE**

A unique body transforming workout that incorporates body sculpting, fat burning and muscle lengthening. Light weights will be used to tone the arms. Abdominal work will narrow the waist and barre work will sculpt the thighs and lift the seat.

## **BODYPUMP™**

A barbell class that strengthens your entire body. Designed to improve strength and endurance, this workout challenges all your major muscle groups by using the best weight-room exercises like squats, presses, lifts and curls. Great music and your choice of weight inspire you to get the results you came for – and fast!

## **CROSS TRAINING**

Find your inner athlete during these workouts with an emphasis on strength, quickness, stamina and balance in a group training format. This training will also lead to long-term joint protection, injury prevention and increased metabolism.

## **DEFINITIONS**

Muscle conditioning for the entire body - this class utilizes light and heavy weights as well as additional props to target major muscle groups with the added benefit of deep core conditioning and stretching.

## **INSANITY MAX**

A high intensity class where you will work to your max in every move and every minute, so you can torch MAX calories, burn MAX fat, and achieve MAX muscle definition. It's a battle between your body and your mind to see how far you're willing to go for insane results.

## **INSANITY MAX & STRETCH**

Sweat like never before. Push your limits and your body will adapt. Insane workout Insane results. 30' with a stretch at the end for a total of 45'.

## **MAT PILATES**

An artful, non-impact form of exercise based on the methods pioneered by Joseph Pilates. Breathing techniques are used to aid in developing abdominal strength and stabilization through a series of controlled movements. Come see why this has become one of the most popular forms of exercise today. This class is appropriate for all ages and fitness levels.

## **ULTIMATE CONDITIONING**

An intense cardiovascular, core and strength training workout. The cardiovascular training will be high intensity, high impact. The strength training portion will focus on sculpting and toning muscles as well as core conditioning.

## **Power Hour**

Power Hour uses a variety of equipment and exercises to keep workouts interesting & challenging. This workout combines moderate/high intensity cardio and weight training which strengthens, conditions, tones and defines muscles providing the ultimate training class.

## **AQUA FUSION**

This aqua class utilizes aqua bells to provide a low impact workout using drag resistance training. Resistance is created while carrying out a variety of exercise tempo's to target a full body workout, keeping joints healthy and reducing the risk of injury. Working opposing muscle groups is the goal to help achieve muscle balance and symmetry.

## **AQUA JOGGING**

Aqua Jogging is deep water running and traveling workout. Utilizing the AquaJogger® buoyancy belt, this class is guaranteed to challenge your body, your core muscles, and your stamina. The AquaJogger® buoyancy belt comfortably suspends you at shoulder level in deep water allowing you to breathe normally and move freely. Hand buoys, bands, noodles, and kick-boards may be used to provide increased resistance and exercise variations.

## **AQUA SPORT**

This moderate to high intensity deep water class will use a variety of exercises to enhance cardiovascular while strengthening and toning muscles. Participants must be comfortable in deep water.

## **HYDRO THERAPY TRAINING**

Enjoy a full body, low impact work out with Joel St. Cyr. This class will concentrate on cardiovascular training and full range of motion full-body muscular training. Class will be held in the shallow end of the pool.

## **RAQ THE BARRE®**

Tone and condition your entire body from top to toe with a cardio core barre method designed to improve torso and hip flexibility. Using a variety of fitness props, a full barre series, and mat exercises, this class will pay special attention to developing muscle balance and enhancing your posture.

## **SPIN**

### **SPIN**

60 minute cardiovascular workout on a stationary bike in a group setting. Spinning has a reputation for intensity but all classes are designed for beginners, hard-core cyclists and everyone in between. Instructors motivate riders and guide them to adapt their workout to their own experience and skill level.

### **30/30 - Spin & Yoga**

Want the best of both worlds? Here you go! 30 minutes of heart pumping cycling, followed by 30 minutes of Vinyasa flow yoga. This 30-minute Spin and 30-minute yoga session will get your heart rate up, then cooled down with a specific yoga series that will vary in pace. Please bring your own mat.

## **Yoga**

### **YOGA FLOW**

An all levels, Vinyasa style class that will link breath to movement in an athletic workout, with focus on strengthening and restoring the body and mind.
